

# CHOOSE MATHS

AN **AMSI** SCHOOLS PROJECT

I  
AM  
MORE  
THAN A  
NUMBER

I was a marine scientist for several years and saw first-hand some of the problems that have an effect on the environment. Now I use mathematics to try and solve some of these problems.

Cutting edge technologies allow us to operate activities on our mine sites by remote control. Site operators mine the iron ore and my team digitally mines the data to find ways to improve processes.

**KYLIE**  
My name is  
**HOLLINS**

and that's why I **CHOOSEMATHS**, because it's **MORE THAN JUST NUMBERS**, it allows us to find new ways of doing things and make technological advances.
